

fillink™

FILLINK SOL ULTRA

Fillink SOL ULTRA is a high quality, solvent-based, pigmented ink developed specifically for Vutek UltraVu, Gandinnovation Jeti and Spectra-based printers.

Features & benefits:

- High end pigment for 2 years outdoor durability*
- Vibrant colours for increased colour gamut
- Small pigment particle size for keeping the print-heads clean
- Compatible with standard substrates (PVC, SAV, Paper, Textile)
- Fast drying time for best performance
- Enhanced print adhesion and chemical resistance
- ICC profiles available for a wide range of substrates for all printers
- Miscible inks for easy change-over
- Free telephone support
- On-site technical support and spare parts available

* according to Fillink policy

Unique comprehensive warranty:

- Print-heads and ink circuit: Fillink guarantees that Fillink products are designed for best performance on the specified printers and the inks cannot cause damage to the ink circuit. In case of damage caused by Fillink products, Fillink will immediately provide parts, on-site service, or reimburse costs required to repair any damage*
- Outdoor durability of two years without clear-coat and five years with Fillink clear-coat*
- Colour consistency: Fillink guarantees the colour consistency of its products batch after batch.
- FREE on-site ink installation with Fillink qualified engineer

* according to Fillink policy

Part numbers:

Product Name	Colour	Bottle Size (litres)	Product category	Part #
SOL ULTRA	C	5	SPVXL	I SPVXL / C / 10
SOL ULTRA	M	5	SPVXL	I SPVXL / M / 10
SOL ULTRA	MC	5	SPVXL	I SPVXL / MC / 10
SOL ULTRA	Y	5	SPVXL	I SPVXL / Y / 10
SOL ULTRA	GY*	5	SPVXL	I SPVXL / GY / 10
SOL ULTRA	LEY*	5	SPVXL	I SPVXL / LEY / 10
SOL ULTRA	K	5	SPVXL	I SPVXL / K / 10
SOL ULTRA	LC	5	SPVXL	I SPVXL / LC / 10
SOL ULTRA	LM	5	SPVXL	I SPVXL / LM / 10
